
Don't you want to be seen? M4M is what you are looking for!

For all migrant-led organisations that are supporting migrant and refugee entrepreneurs in Europe to set up and develop their business: **WE NEED YOU!**

You must have been working hard during the past months and years. And you should be proud of the effort made and success achieved! Why not telling others about your programme and initiative?

The European Migrant Entrepreneurship Network - EMEN project can help you!

EMEN wants to raise awareness about the social and economic capital migrant-led initiatives bring to our societies and will give you a voice to do it!

EMEN is building a list of intersecting and illustrative programmes and initiatives for migrant or refugee entrepreneurs set up or managed by migrants or refugees: **Migrants 4 Migrants (M4M)**. This is a unique chance! What is in it for you?

- The opportunity to be on the list of programmes of our final publication of the project presented to the European Commission Agency EASME
- You become visible through our social media channels
- The three best initiatives will be published on our website (*)
- The three best initiatives will be presented during the online conference **"Growing Europe. Boosting migrant entrepreneurship networks"** in September this year
- European policy makers become aware of those, often unnoticed, programmes

So, what are you waiting for? Tell us more about your programme!

Complete this simple
